

# Output Formatting for Assignment 4

February 22, 2016

**Disclaimer: no Word, OpenOffice, LibreOffice or similar. Thanks!**

- Put all the required files of Week 4 in a folder named A4-Lastname.
- for Exercise 1, one file, containing 8 lines, each line containing either "OLAP" or "OLTP".
- for Exercise 2, one pdf file, sol2.pdf, free content
- for Exercise 3, one pdf file, sol3.pdf, free content
- for Exercise 4, one pdf file, sol4.pdf, free content.
- for Exercise 5:
  - for question 1, one file view.sql, defining the view, and one file per query, query5-1-i.sql, where  $i \in \{a, b, c\}$ , as well as an explanation file, explain5-2.pdf
  - for question 2, one file query5-2.sql for the query, and one explain5-2.pdf for the explanations
  - for question 3, one file query5-3-i.sql defining the query, and one file query5-3-i.res, containing the result (copy paste from postgresql), where  $i \in a, b, c$ .

Zip the A4-Lastname folder and submit it on Moodle.
